

# GATOR XUV855M

POWER YOUR WAY THROUGH EVEN THE BIGGEST JOBS

With the Gator XUV855M at your side, no job seems too hard to handle. This powerful cross-over utility is built to pull through and make it feel easy. Rest assured, this one is a keeper.

## WORKS AS HARD AS YOU DO

The Gator XUV855M is a notorious hard worker, with a rugged design and total payload of 635 kg. Its cargo box consists of a noise-reducing, high density polyethylene copolymer composite material that eliminates rust and dents. The truck-like tailgate can be operated with one hand. It can also be opened or removed for easier clean-out or to accommodate longer items.

## QUALITY TIME

Operator-centric design and automotive-like ergonomics make for a comfortable ride, while its on-road performance is so good, you'll always arrive with a smile. The XUV855M also features easy entry/exit and pass through for both the operator and the passenger as well as optimal seating positions for more legroom – you'll wish the journey was longer.

## STOP AT NOTHING

With the XUV855M and its on-demand 4-wheel drive at your side, you can power through demanding terrain with confidence. It comes equipped with four-wheel independent suspension to complement its comfortable operator station. This unique set-up ensures a smooth ride over rough spots and excellent handling through corners.
